

ORAU Professional Training Programs

The Source for Professional Radiological Sciences Training

Instructor-Led Courses (2025–2026)

Applied Health Physics

- July 21–August 22, 2025 **\$10,975**
- July 20–August 21, 2026 **\$10,975**

Applied Health Physics Blended Series Lab Exercises I

- October 20–24, 2025 **\$2,195**
- February 23–27, 2026 **\$2,195**
- October 19–23, 2026 **\$2,195**

Applied Health Physics Blended Series Lab Exercises II

- October 27–31, 2025 **\$2,195**
- March 2–6, 2026 **\$2,195**
- October 26–30, 2026 **\$2,195**

Air Sampling for Radioactive Materials

- April 20–24, 2026 **\$2,195**

Environmental Monitoring

- April 27–May 1, 2026 **\$2,195**

Gamma Spectroscopy

- November 3–7, 2025 **\$2,195**
- June 1–5, 2026 **\$2,195**
- December 7–11, 2026 **\$2,195**

MARSAME

- February 9–12, 2026 **\$1,756**

MARSSIM

- September 29–October 3, 2025 **\$2,195**
- February 2–6, 2026 **\$2,195**
- September 28–October 2, 2026 **\$2,195**

Medical Radiation Safety Officer

- September 8–12, 2025 **\$2,195**
- September 14–18, 2026 **\$2,195**

Occupational Internal Dosimetry

- March 23–27, 2026 **\$2,195**
- June 8–12, 2026 **\$2,195**

Radiation Safety Officer

- September 8–12, 2025 **\$2,195**
- September 14–18, 2026 **\$2,195**

Site Characterization in Support of Decommissioning: Planning, Implementation, and Evaluation

- November 17–21, 2025 **\$2,195**
- November 16–20, 2026 **\$2,195**

The Source for Professional Radiological Sciences Training

Online Courses

| | | | |
|--|----------------|---|----------------|
| Applied Health Physics I Fundamental Concepts and Detector Technologies | \$2,195 | Introduction to Radiation Safety | \$1,317 |
| Operational Health Physics I Instrumentation Calibration, Preparation, and Use, Radiation in Industry, and External Dosimetry | \$2,195 | MARSAME | \$1,756 |
| Operational Health Physics II Air Sampling, Internal Dosimetry, Neutrons, Decommissioning, Waste, Non-Ionizing, and Transportation | \$2,195 | MARSSIM | \$2,195 |
| Air Sampling for Radioactive Materials | \$2,195 | MARSSIM for Managers | \$439 |
| Environmental Monitoring | \$2,195 | Medical Radiation Safety Officer | \$2,195 |
| Health Physics Statistics | \$2,195 | Occupational Internal Dosimetry | \$2,195 |
| | | Radiation Safety Officer | \$2,195 |
| | | Site Characterization in Support of Decommissioning Planning, Implementation, and Evaluation | \$2,195 |
