

Former Worker Medical Screening Program (FWP)

Colorectal Cancer Screening Saves Former Worker Lives

DOE and the Former Worker Programs are partnering to host a public webinar that will provide information about the importance and impact of colorectal cancer screening in the medical screenings of former workers.

Presenters: Marianne Cloeren, MD, MPH ; John Dement, Ph.D., CIH

Discussion will include:

- Risk factors and trends in colorectal cancer (CRC) screening
- Screening approaches and what happens if test is abnormal
- Impact of screening done via the FWP programs

Presenters' Biographies:

Dr. Marianne Cloeren is the Medical Director of the Building Trades National Medical Screening Program (BTMed) and an Associate Professor of Medicine in the Division of Occupational and Environmental Medicine at the University of Maryland School of Medicine. She received her MD at Temple University School of Medicine in Philadelphia and her MPH at Johns Hopkins Bloomberg School of Public Health. She is Board-Certified in both Occupational Medicine and Internal Medicine. Dr. Cloeren served on the DOL's Advisory Board on Toxic Substances and Worker Health from 2022-2024.

Dr. John M. Dement provides industrial hygiene and epidemiologic expertise to the Building Trades National Medical Screening Program. He is a certified industrial hygienist and Professor Emeritus in the Division of Occupational and Environmental Medicine at Duke University. Dr. Dement received a BS in Mechanical Engineering from NC State University, an MS in Industrial Hygiene from the Harvard School of Public Health, and a PhD in Industrial Hygiene/Epidemiology from the University of North Carolina. Dr. Dement served on the DOL's Advisory Board on Toxic Substances and Worker Health from 2018-2022.

Register by February 12, 2025, at 1:00 p.m. EST, to join this webinar.

About the FWP: The FWP provides ongoing medical screening examinations, at no cost, to all former DOE Federal, contractor, and subcontractor workers who may be at risk for occupational diseases. The FWP is supported by the U.S. Department of Energy's (DOE) Office of Environment, Health, Safety and Security (EHSS) and reflects our commitment to the health and safety of all DOE workers - past and present - who have served the Nation in its National security and other missions.
