**According to 2018-2019 virtual event data*

What We Offer

Oak Ridge Associated Universities (ORAU) Workforce Solutions (WS) Virtual Events offer you the flexibility and convenience of a virtual platform, powered by an experienced team, to make connections happen, wherever, whenever. Let us handle your virtual conference, poster session, industry day, career fair, lab tour, or even an emergency prep table-top exercise.

Convenience

When you host/sponsor a virtual event with ORAU, you receive a cost-effective and convenient platform to reach a diverse national audience without any travel. Each virtual event can be accessed from a computer, tablet or mobile device, so attendees can join from anywhere.

Results-Driven Execution

We will work with you to establish measurable goals to gauge the effectiveness of your event sponsorship. Metrics such as attendance, registration and booth traffic can be used to immediately measure your return on investment. If your websites are running web analytics software or services, ORAU can implement tagged URLs and coordinate with your data and/or IT specialists to track your website traffic from the event. You also have the option to include a post-event survey.
